

**COMPLETE SOLUTIONS**  
TRANSPORTATION MARKET

## ON BOARD RUGGED CONSOLE

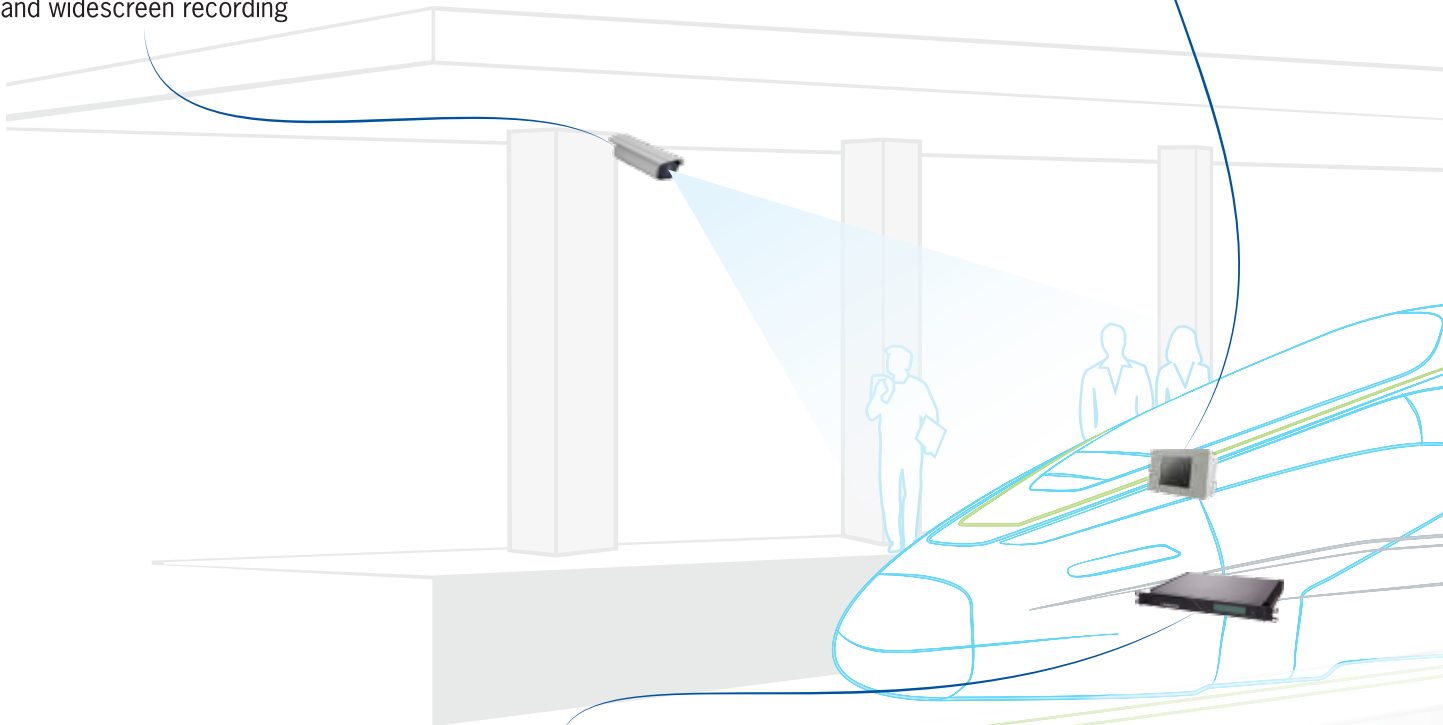

DynaVIS 10-00

- Rugged and low power intelligent panel PC for HMI
- WiFi, 3G, Gigabit Ethernet, built-in GPS
- Wide range power supply

## SMART CAMERA FOR TRAIN STATIONS MONITORING

SekuCAM

- Generation of alarms depending on the target's trajectory
- Generation of alarms depending on the target's behavior
- Surveillance of wide open spaces with moving targets and widescreen recording

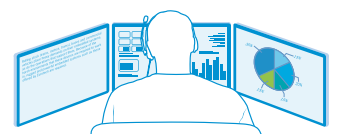

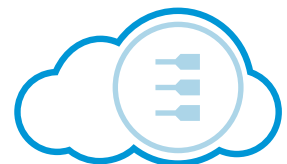

## RUGGED SERVER FOR INFOTAINMENT SOLUTIONS

DynaCOR 30-10

- Advanced features such as virtualization and hyperthreading
- Comprehensive set of PC peripheral ports
- Ultra low power with Core i7, fanless

### M2M Platform: Everyware Cloud

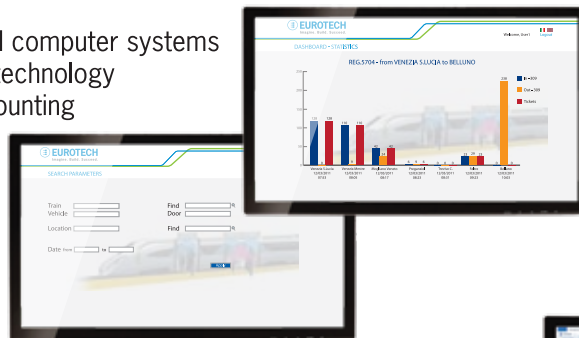

The Everyware Cloud from Eurotech is a Machine-to-Machine Integration Platform that simplifies device and data management by connecting distributed devices over secure and reliable cloud services. Once devices are deployed, the Everyware Cloud allows users to connect, configure and manage devices through the lifecycle, from deployment through maintenance to retirement.

## AUTOMATIC PASSENGER COUNTER

DynaPCN 10-20

- Fast integration with on board computer systems
- Contactless vision detection technology
- High accuracy bidirectional counting
- Build-in infrared illumination
- Easy to install

## On Board CCTV

## WRIST WORN COMPUTER

Zypad WL1500

- Ergonomic design for hands-free operation
- Built-in GPS, Wi-Fi, Bluetooth, Cellular
- Barcode reader support

## PASSENGERS INFORMATION SYSTEM

DynaDOT 10-14

- Ultra thin, fanless IP54 dot matrix information panel display
- Daisy chainable, with Ethernet bypass
- Smart graphics, Bit-maps, animations

## CONNECTED RUGGED MOBILE COMPUTER

DynaCOR 10-00

- Rugged, low power and fanless
- WiFi, 3G, Gigabit Ethernet, built-in GPS
- Mobile router for Internet on board
- Wide range power supply
