

Eurotech Receives Contracts for a Value of \$2.9M to Supply Controller for Medical Application

Amaro (Italy) – September 27, 2012 – Eurotech, a leading supplier of embedded technologies, products and systems, today announces it has signed \$2.9M in contracts with a medical device manufacturer to provide a Eurotech controller for a medication compounding system. Per the contracts, Eurotech will deliver the control units over the next two and a half years. No further details can be disclosed.

The compounding system controller is based on the low power, high performance Eurotech Vector single board computer integrated with an LCD and custom enclosure.

“We look forward to more relationships with global, diversified healthcare companies that advance patient care worldwide,” said Greg Nicoloso, CEO, Eurotech North America. **“Eurotech offers high quality systems for exacting applications like medical, and our ability to provide expert engineering support is a real draw for large companies with demanding requirements.”**

About Eurotech

Eurotech is a listed global company (ETH.MI) that integrates hardware, software, services and expertise to deliver embedded computing platforms and sub-systems to leading OEMs, system integrators and enterprise customers for successful and efficient deployment of their products and services. Drawing on concepts of minimalist computing, Eurotech lowers power draw, minimizes physical size and reduces coding complexity to bring sensors, embedded platforms, sub-systems, ready-to-use devices and high performance computers to market, specializing in defense, transportation, industrial and medical

segments. By combining domain expertise in wireless connectivity as well as communications protocols, Eurotech architects platforms that simplify data capture, processing and transfer over unified communications networks. Our customers rely on us to simplify their access to state-of-art embedded technologies so they can focus on their core competencies. Learn more about Eurotech at www.eurotech.com.
