

Eurotech: new distribution agreement with PROSOFT to address the Russian Market

Amaro (Italy) – December 10, 2012 – Eurotech, a leading supplier of embedded technologies, products and systems, today announces they have signed a partner agreement with PROSOFT Ltd., a leading distributor and integrator of embedded components and systems, to increase the presence in the territory of Russia and in the CIS countries. Thanks to this agreement, PROSOFT will bring to the Russian market a broad spectrum of Eurotech's embedded solutions, from processor boards and computer modules to Cloud platforms.

About EUROTECH

Eurotech (ETH:MI) is a global company that integrates hardware, software, services and expertise to deliver embedded computing platforms and sub-systems to leading OEMs, system integrators and enterprise customers for successful and efficient deployment of their products and services. Drawing on concepts of minimalist computing, Eurotech lowers power draw, minimizes physical size and reduces coding complexity to bring sensors, embedded platforms, sub-systems, ready-to-use devices and high performance computers to market, specializing in defense, transportation, industrial and medical segments. By combining domain expertise in wireless connectivity as well as communications protocols, Eurotech architects platforms that simplify data capture, processing and transfer over unified communications networks. Our customers rely on us to simplify their access to state-of-art embedded technologies so they can focus on their core competencies. Learn more about Eurotech at www.eurotech.com.
