Approval of the First Section of the Report on Remuneration

The Shareholders' Meeting approved, with non-binding vote, the First Section of the Report on Remuneration prepared in accordance with Articles 123-ter of Italian Legislative Decree 58/1998 and 84-quater of Consob Regulation n. 11971/1999, and in accordance with Annex 3A Schemes 7-bis and 7-ter of the same Regulation.

Authorization to purchase of own shares

The Shareholders' Meeting has also decided to authorize purchase and use of the Company's own shares, pursuant to Articles 2357 and 2357-ter of Code of C and to Article 132 of Italian Legislative Decree

58/1998 and its implementing provisions. The authorization to purchase and use of own shares aims to enable the Board of Directors possibly to use treasury shares, in compliance with current regulations, for the purposes contemplated by market practice concerning share buyback to create a so-called “securities inventory”, as allowed by the CONSOB (Italian securities & exchange commission), pursuant to Article 180, paragraph 1, letter c), of Italian Legislative Decree 58/1998, with its resolution no. 16839 of 19 March 2009 and thus (i) for the purposes of possible use of the shares as payment in extraordinary operations, also involving equity swaps with other parties as part of deals in the Company’s interest, or (ii) for the purposes of using any such treasury shares to service programmes for distribution, with or without consideration, of stock options or shares to directors, employees and outside staff of the Company, or of the latter’s subsidiaries, as well as for bonus stock grant programmes for shareholders.

Authorization has been given for the purchase, also in several tranches, of Eurotech ordinary shares without par value expressed up to a maximum number, considering also the Eurotech ordinary shares owned from time to time by the Company and by its controlled companies, not exceeding, in total, the maximum limit established by the regulations applicable at any given time and for a period of 18 (eighteen) months, as from the date of the Ordinary General Shareholders’ Meeting resolution. Authorisation for use of treasury shares has been given without any time limits.

The resolution provides that own-share buybacks be performed observing the operating conditions established for the market practice mentioned above, meaning that the limits and restrictions referred to in such practice are also applicable, in particular those concerning the price of purchase proposals and volume of trades. In addition, The Shareholders’ Meeting has decided, in any case, the minimum unit amount be not more than 15% lower and the maximum amount not more than 15% higher than the official price recorded for Eurotech stock on the market trading day preceding each single purchase transaction or, if purchases are made by means of a public tender or exchange offer, that they take place at an amount with a minimum not more than 15% lower and a maximum not more than 15% higher than the official price recorded for Eurotech stock on the market trading day preceding announcement to the public.

It is further specified that, at present, the Company owns 420,140 treasury shares, accounting for 1.1830% of share capital, whereas Eurotech’s subsidiaries do not own Company shares.

Pursuant to Article 154-bis, paragraph 2, of the Italian Consolidated Finance Act, the financial reporting manager of Eurotech SpA, Sandro Barazza, herewith declares that the financial disclosure contained in this press release corresponds to documentary evidence, corporate books, and accounting records.
