ReliaGATE 20-25 Development Kit

FEATURES

Ready to Plug - Contains all the hardware needed to get started, including one ReliaGATE 20-25 and a complete set of cables and accessories

Ready to Code - Features Everyware Software Framework (ESF), the Java/OSGi based-middleware for IoT gateways that accelerates gateway application development

Ready to Connect - Includes a free trial account for Everyware Cloud (EC), the Eurotech IoT Integration Platform for device connectivity, data collection, and remote device management

Ready to Deploy - Designed to comply with global certification requirements and to quickly move IoT applications solutions from prototype to global deployment The ReliaGATE 20-25 IoT Development Kit allows quick development and prototyping of IoT applications on an industrial grade platform which is precertified for global deployment. The kit targets all aspects of an IoT application from hardware interfacing, to development of on-board software and cloud connectivity.

The ReliaGATE 20-25 is a high-performance, globally certified, IoT gateway for industrial and lightly rugged applications. It features up to four cores, soldered-down ECC RAM and storage, extended operating temperature support, wide range power supply, isolated and protected I/O interfaces, Wi-Fi / Bluetooth and a range of cellular options.

The ReliaGATE 20-25 comes with Everyware Software Framework (ESF), a commercial, enterprise-ready edition of Eclipse Kura, the open source Java/ OSGi middleware for IoT gateways. Distributed and supported by Eurotech, ESF adds advanced security, diagnostics, provisioning and remote access. It supports ready-to-use field protocols (including Modbus, OPC-UA, S7), MQTT connectivity, web-based visual data flow programming and deep configuration.

ESF is also integrated with Everyware Cloud (EC), Eurotech's IoT Integration Platform (separately available), enabling advanced diagnostics, provisioning, and full remote device access and management.

The ReliaGATE 20-25 is Microsoft Azure certified and can also be integrated with 3^{rd} party cloud services such as Amazon Web Services IoT.

ReliaGATE 20-25 Development Kit

Specifications

		Ordering code: REGTW-D2025-B00	
	CONFIGURATION		D 5
ROCESSOR	CPU	E3827, 1.75GHz, Dual Core	E3845, 1.91GHz, Quad Core
MEMORY	RAM	2GB, 1333MHz (DDR3L-ECC)	4GB, 1333MHz (DDR3L-ECC)
	Embedded	8GB eMMC	
	SATA	1x SATA 2.0 - Internal Connector 1x 32GB mSATA (Included on 4□ Variants)	
	Other	1x microSD Slot (User Accessible)	
I/O INTERFACES	Ethernet	2x 10/100/1000Mbps - RJ45	
	USB	1x Host 3.0, 1x Host 2.0, 1x ReliaCELL (Noise and Surge Protected) - Type A	
	Serial	2x RS-232/RS-422/RS-485 (9 Wires, Noise and Surge Protected) - DB9 1x Serial Console TTL	
	CAN 2.0B	2x CAN Bus With 5V (100mA) Power Out	
	Digital I/O	3x Digital Input 7 - 35VDC, 1KV Optoisolated - 3x Digital Output (40VDC), 20mA Sink	
	Video	1x Mini DisplayPort	
EXPANSION	miniPCle Slots	Up to 3x Full/Half Size Mini PCIe (PCIe/USB/mSATA)	
DADIO	Cellular	Eurotech ReliaCELL 10-20 Option (Not Included)	
RADIO INTERFACES	GPS	Eurotech ReliaCELL 10-20 Option (Not Included)	
	Wi-Fi / BT	b/g/n, BLE	
OTHER	Sensors	Temperature, Accelerometer	
	LEDs	1x Power, 3x miniPCle Slot, 2x Programmable (Dual Color Green/Amber)	
	Buttons	1x Reset, 1x Programmable	
	la se se te	7 - 35VDC (Nominal 12VDC), Surge and Sag Protection, Vehicle Ignition Input	
	Input		oag i rotection, venicie ignition input
POWER	Consumption	10W ldle	12W Idle
