Eurotech's Everyware Software Framework wins the 2015/16 Internet of Things Award in the IoT Software and Tools category.

ESF voted as "People's choice winner" in the annual contest presented by Postscapes.

Amaro, ITALY – January 27th, 2015 – Eurotech, a leading provider of Machine-to-Machine (M2M) platforms and Internet of Things (IoT) solutions, today announced that Everyware Software Framework (ESF), Eurotech's device application framework for M2M and IoT applications, has been voted as the "People's choice winner" in the "IoT Software and Tools" category of the 2015/16 Internet of Things Awards contest presented by Postscapes.

Now in its fifth year, the Internet of Things Awards honors the year's best products, organizations and ideas shaping the IoT. Showcasing excellence in all areas across the Internet of Things since 2011, the IoT Awards celebrate the richness of the emerging field and its practitioners. From Do-It-Yourself projects and pro-bono engagements to the Fortune 500, this contest embraces the diversity of the IoT landscape, presenting the year's best innovations and innovators.
