

Eurotech's ReliaGATE 10-14 awarded with the 2019 IoT Excellence Award

The award organizers TMC and Crossfire Media recognized the flexibility and modularity of this Multi-service IoT Edge Gateway

Amaro (Italy), April 30th, 2020 – Eurotech – a company that designs, develops, and deploys hardware, software, services and solutions for the Internet of Things (IoT) – announced that its Multi-service IoT Edge gateway [ReliaGATE 10-14](#) won the 2019 IoT Excellence Award, presented by TMC and Crossfire Media.

The 2019 IoT Excellence Award honors innovative products that support the availability of information being deduced, inferred and directly gathered from sensors, systems and anything else that is supporting better business and personal decisions.

Powered by an NXP i.MX 8M Mini Cortex-A53 quad core processor, the ReliaGATE 10-14 is a Multi-service IoT Edge Gateway IoT connectivity and Edge computing capabilities to industrial and lightly rugged applications. Its compact and fanless design makes it ideal for those applications where space is at a premium. Enriched by [Everyware Software Framework \(ESF\)](#), Eurotech's IoT Edge Framework, provides native support for field protocols (such as Modbus, OPC-UA and S7), advanced data management capabilities and connectivity to multiple IoT Cloud services, such as Eurotech's IoT Integration Platform [Everyware Cloud \(EC\)](#).

“Our flexible and modular approach that provides the fundamental building blocks needed to deploy successful IoT solutions has been once again recognized” commented Giuseppe Surace, Eurotech's Chief Product & Marketing Officer. “The ReliaGATE 10-14 together with a strong hardware modularity delivers the benefits of a software framework to collect and manage the data at the Edge while integrating OT and IT in the Cloud to easily build manageable and flexible end-to-end IoT solutions”.

“Congratulations to the winners of the 2019 IoT Excellence Award,” said Carl Ford, CEO of Crossfire Media. “The recipients have demonstrated excellence and represent leaders in the IoT industry. We look forward to seeing their future endeavors.”

For more than 20 years, TMC has been honoring technology companies with awards in various categories. These awards are regarded as some of the most prestigious and respected honors in the communications and technology sector worldwide. Winners represent prominent players in the market who consistently demonstrate the advancement of technologies. Each recipient is a verifiable leader in the marketplace.

About Eurotech

Eurotech (ETH:IM) is a multinational company that designs, develops and supplies Edge Computers and Internet of Things (IoT) solutions – complete with services, software and hardware – to system integrators and enterprises. By adopting Eurotech solutions, customers have access to IoT building blocks and software platforms, to Edge Gateway to enable asset monitoring and to High Performance Edge Computers (HPEC) conceived also for Artificial Intelligence (AI) applications. To offer increasingly complete solutions, Eurotech has activated partnerships with leading companies in their field of action, thus creating a global ecosystem that allows it to create "best in class" solutions for the Industrial Internet of Things.
