

C E R T I F I C A T E

This certifies that the company

EUROTECH S.p.A.
Via F.lli Solari 3/A
33020 Amaro (UD)
Italy

Is authorized to provide the product mentioned below

Description of product: **Multi-service IoT Edge Gateway model: ReliaGATE 10-14**
OS version: EL27.1.x
Application SW version: ESF 7.0.x

In accordance with: **IEC 62443-4-1:2018**
IEC 62443-4-2:2019

Up to: **SL-C 2**

Specific requirements: **For the use of such device the security consideration as documented in the product and user guides released by the manufacturer shall be considered.**

Product Approval: **Documents listed in document PS-19205-20-L-01 form basis for the product approval.**

Registration No 21 19205 01
Test Report No PS-19205-20-L-01 Rev.02
File reference 19205-01

ANNEX

Annex 1, Page 2 of 2

To Certificate-Nr. 21 19205 01

Process Requirements Assessed	Security Management (13/13), Specification of Security Requirements (5/5), Secure by Design (4/4), Secure Implementation (2/2), Security Verification and Validation Testing (5/5), Management of Security-Related Issues (6/6), Security Update Management (5/5), Security Guidelines (7/7)
Security Requirements Assessed	Identification and authentication control (14/14), Use Control (12/13), System Integrity (13/14), Data Confidentiality (3/3), Restricted Data Flow (3/3), Timely Response to Events (2/2), Resource availability (8/8)
Product description	IoT Multiservice Edge Gateway
Assessment boundaries	Hardware security, operating system, IoT Edge Framework, and connectivity, limited to the boundary characterized by the versions identified below.
Intended Use	Multi-service IoT Gateway designed to be deployed at the edge of IoT applications.
Remarks	For further details, including environmental conditions, limitations of use, hardening guidelines, traceability, and application constraints, make reference to the Security Manual.
