

Eurotech and ALTEN Calsoft Labs partner up to provide innovative solutions in the IoT space

AMARO (Italy), January 25, 2018 – [Eurotech](#), a leading provider of embedded systems, Machine-to-Machine (M2M) platforms and Internet of Things (IoT) solutions, today announced a partnership agreement with [ALTEN Calsoft Labs](#), a digital transformation, technology consulting, enterprise IT and product engineering services company, that offers best of the breed offering for Industry verticals in the Internet of Things domain.

Eurotech selected ALTEN Calsoft Labs as key partner to increase its Global presence because of their extensive deep industry and business process expertise, passion for customer excellence, and proven global IT services delivery model and network. ALTEN Calsoft Labs offers best of the breed solutions for Industry verticals like Manufacturing, Automotive, Education, Healthcare & Life Sciences, Networking & Telecom and Retail.

“We are pleased to join forces with Eurotech. This partnership will allow us to offer innovative solutions to a wide range of customer use-cases, including telecom carriers and enterprises. Both companies will work together to operationalize and achieve faster time to market deployment of IoT services across a wide range of use-cases, including Smart City, [Industry 4.0](#) and Connected Health Initiatives.” said Ramandeep Singh, CEO, ALTEN Calsoft Labs

“We strongly believe that ALTEN Calsoft Labs, being a pioneer in delivering Business Innovation, Integration and Transformation through disruptive technologies since 1992, is the perfect partner to establish Eurotech presence in the global IoT market” said Giuseppe Surace, Eurotech’s CP&MO. “Through this partnership we would further confirm Eurotech leadership in the IoT space on a global scale and its willingness to continue to provide innovative [end-to-end horizontal solutions for different verticals](#).”

About Eurotech
